LICENSING AND REGISTRATION
WITH FSSAI
DR. MAMATHA MISHRA

FSSAI - Introduction

The Food Safety & Standards Act, 2006 enacted by the legislature of India to improve the performance of the food industry. The primary purpose of the Act is to regulate the functioning of food operator, online seller, manufacturer, distributor, and importer.

Any food manufacturing or food processing or packaging or distributing entity is now required to obtain a food license under FSSAI.

In a Nutshell
You need FSSAI
License to do food
business in India

FSSAI-Enforcement

- The regulator has taken such active steps to introduce transparency in the food business and also to ensure that food products undergo certain quality checks, and food product should be prepared, packed and marketed as per predefined norms by FSSAI.
- With the strong footprint by the FSSAI enforcement officer the instances of adulteration, substandard products and improve accountability of manufacturers.

Roles of FSSAI

- To ensure that all foods meets consumers expectations in terms of nature , substance & quality & is not misleading presents
- This act covers the activities throughout the food distribution chain, from primary production through distribution to retail & catering.
- The act gives the government powers to make regulations on matters of food safety. The food Safety & Standard authority of India is the principal Government authority responsible for preparing specific regulations under the act.
